

Worm Food Chains

Choose some creatures from the Wriggloo to complete this food chain and draw a picture of them in the boxes.

Use the key words to help you name each stage of the food chain.

Choose from bugs and beasties, moles, foxes, rabbits and many other garden and underground creatures.

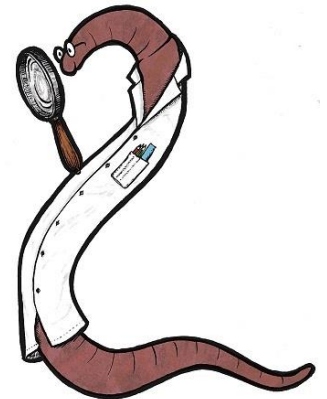

Key words

Producer – Something that makes its own food rather than eating something else

Herbivore – An animal that eats plants

Carnivore – An animal that eats other animals

Detritivore – An animal that eats dead and decaying material

Cadwyni Bwyd Mwydod

Dewiswch ambell greadur o'r Mwydy i gwblhau cadwyn fwyd a thynnwch lun ohonyn nhw yn y bocsys.
