SAFETY INFORMATION TO HELP SCHOOLS PREPARE FOR SCHOOL VISITS TO AMGUEDDFA CYMRU MUSEUMS

This safety information is intended to help you prepare for a visit to The **National Waterfront Museum**. It does not replace the need for your own risk assessment specific to the needs of your group. We are unable to fill in, check or sign any sections of school risk assessments.

Our safety information outlines the control measures undertaken by the Museum to avoid or reduce risk, together with rules of conduct for visiting groups. Your risk assessment will take into account the age, ability and specific needs of your group, any risk associated with your transport or possible weather at the time of your visit, in addition to the Museum's safety information.

We recommend that teachers refer to the document 'Health and safety on educational visits' which is produced by the UK government and is available from - <https://www.gov.uk/government/publications/health-and-safety-on-educational-visits/health-and-safety-on-educational-visits>

At the end of the document we have attached extracts from the Museum's Child Protection Policy.

SAFETY STATEMENT

The National Waterfront Museum fully accepts its responsibilities under Health and Safety Legislation. A Health and Safety Policy is in place together with written risk assessments undertaken in respect of our legal duties relating to visitors coming onto our site and using our facilities.

Please be assured that the health and safety of visitors whilst on site is of our utmost concern. We have worked closely with the local authority regarding health and safety matters and want to ensure that your visit is a fun, enjoyable and learning experience.

We operate a policy for staff recruitment, training and assessment, which ensures that all staff with a responsibility for the safety and welfare of visitors/participants are qualified to undertake the duties they are assigned.

Teachers and other school staff are kindly requested to work in partnership with the National Waterfront Museum by actively supervising children within their care whilst on site.

Pupils remain the responsibility of the school throughout the visit, including lunch times.

We strongly recommend that group leaders conduct a preview visit in order to assess any potential risks for your group.

Facilities for Visitors with Special Needs

The National Waterfront Museum tries to accommodate the requirements of visitors with special needs. Please contact us in advance to clarify what provision can be made for visitors with special needs.

Schools and group leaders must ensure that suitable arrangements are in place in order that appropriate supervision and assistance is available to pupils with special needs.

Our Access Guide is available on our web site www.museumwales.ac.uk or 02920 573 600.

Physical Impairment

Wheelchair access is possible throughout the Museum with access to the first floor by two lifts. One of these can take electric mobility cars.

Visual Impairment

The lighting level within the Museum galleries varies, and there are some sudden drops and increases in light levels. Please allow your eyes to adjust to the light in each area. Many of the display areas include audio presentations.

Hearing Impairment

There are hearing loops available at the front desk for the display areas. Many of the displays include IT presentations which have British sign language interpretation.

Changing Places Toilet

In addition to the Museum's standard accessible toilets, we now have a Changing Places Toilet, to accommodate people with profound and multiple learning difficulties as well as many other disabled people.

The Changing Places Toilet has enough space and the right equipment, including a height adjustable changing bench and hoist. The toilet area has room either side for carers to transfer the person from the wheelchair to the toilet. There is a privacy 4 curtain separating the toilet from the changing area.

The location of the Changing Places Toilet is in New Gallery. The Changing Places Toilet will be key controlled and can be signed out at reception.

Chill Out Room and Quiet Hour

We have a chill out room for anyone who needs some time out during their visit, for example those with autism, dementia or any other conditions. Ask at reception for access. Our gallery assistants have undertaken awareness training about autism and dementia and will strive to help those needing a little extra help to feel comfortable.

The Museum also holds a Quiet Hour every month for those who might prefer the Museum a little less crowded and noisy. Days and times vary – see website for details.

Should a group leader become aware that one of their group is missing, they should inform a member of Museum staff who will take appropriate action.</p>

Child Protection Policy

Our Child Protection Policy appears on our website

https://museum.wales/about/policy/child_protection_policy/

Please read the extracts below before your visit.

Leaders/Teachers Responsibilities while visiting the Museum

We wish to ensure that children, young people and vulnerable adults are protected from harm while visiting our museums. In addition to our responsibilities, we ask that leaders/teachers of groups exercise their own responsibilities.

In particular all leaders/teachers should:

- book workshop activities and visits in advance of their visit
- ensure they supervise the children/young people in their care at all times
- in the case of an accident, contact a member of staff who will follow our Staff Emergency Procedures
- in the case of a lost child, contact a member of staff who will follow procedures
- not have in their possession, or consume, alcoholic beverages, or use illegal drugs or smoke on our premises
- not verbally or physically abuse a child/young person
- ensure adequate insurance cover for the group and leader
- inform their group re expected behaviour while at our museums
- be considerate of other visitors and groups visiting the museums
- observe our Fire Precaution Procedures.

We wish to remind all leaders/teachers that the primary responsibility for the welfare of the children in their care rests with them at all times.

We will communicate concerns to the leader/teacher (unless this person is the source of concern) and follow this up with the school/organization.

Concerns about the conduct of the leader/teacher will be reported directly to the school/organization and possibly the police.

Due to the size and nature of each site, we have recommended adult-to-child ratios for each which should be adhered to for health and safety reasons.

Group conduct while in the Museum

We wish all visitors to have an enjoyable visit. We therefore expect all visitors to display courtesy and respect for others and for our property at all times during their visit.

Group leaders should therefore not allow members of their group to:

- use threatening, abusive or violent behaviour
- bully (verbally or physically)
- make any sexist, racist or other offensive remarks toward any person or other group
- vandalise property or displays
- leave litter on our premises
- feed, touch, scare or hurt any animals present
- enter areas that are cordoned off
- use bad language
- smoke
- consume alcohol outside designated areas (e.g. restaurant and picnic areas) or use illegal drugs
- eat or drink apart from in cafes, restaurants and places set aside for school parties to eat their own refreshments

In the event that any of the above are not followed we reserve the right to refuse admission and/or ask the group to leave.
