

INSPIRING PEOPLE, CHANGING LIVES IN 2017/18

In the last 10 years, our scientists have discovered over **400 new species** of living & extinct species from **over 65 countries**

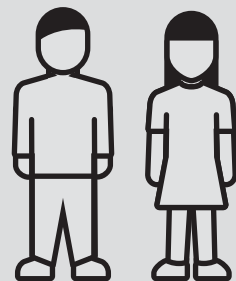

We work in partnership with over **120 charities & community organizations**

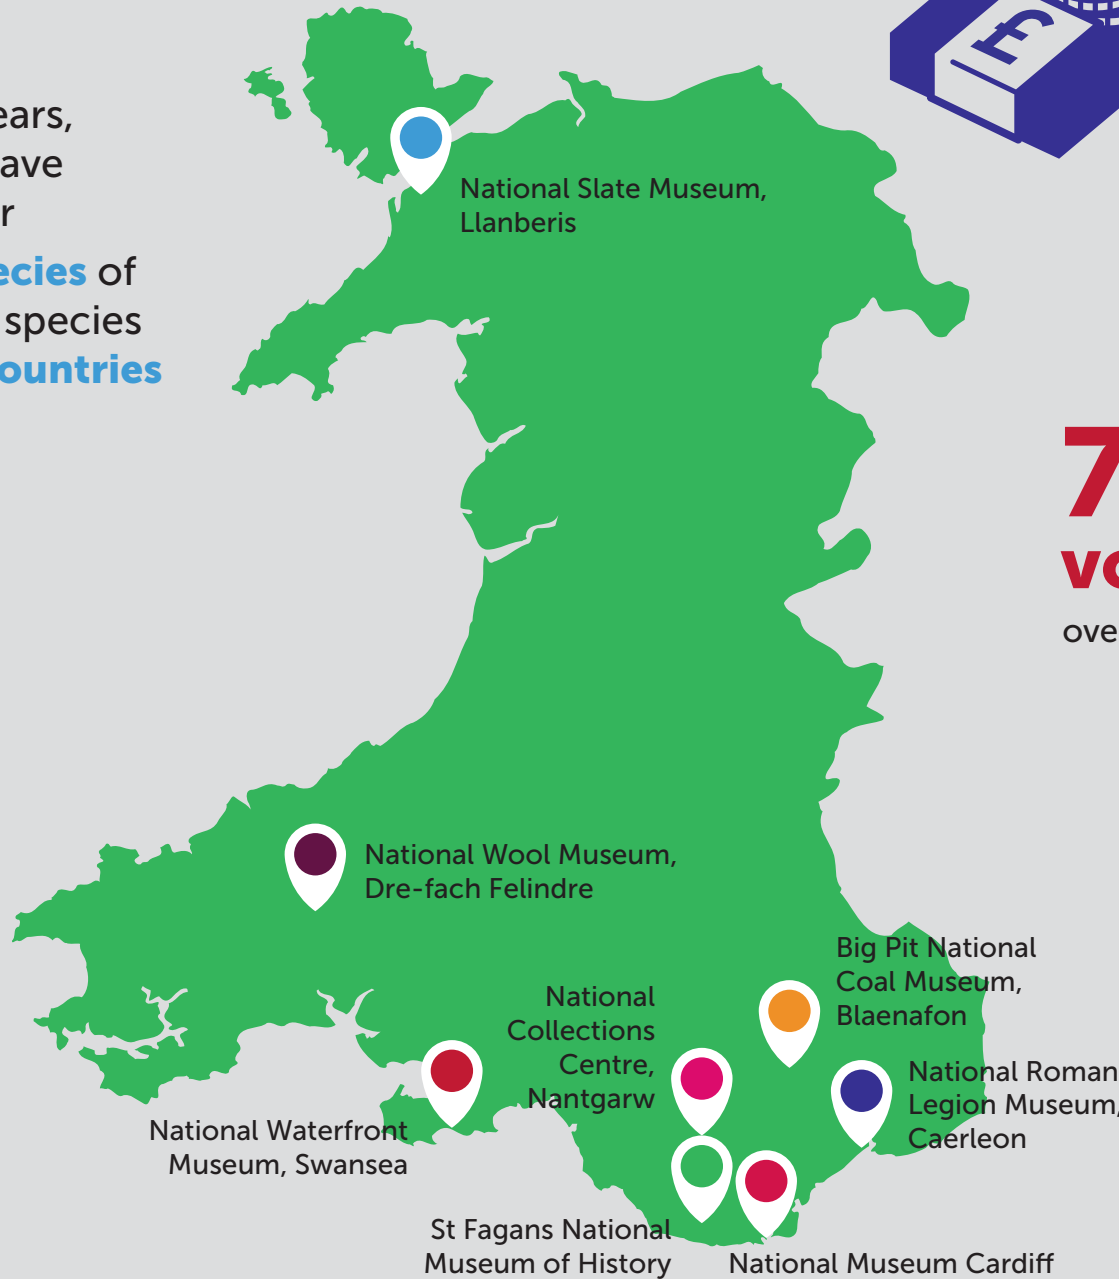

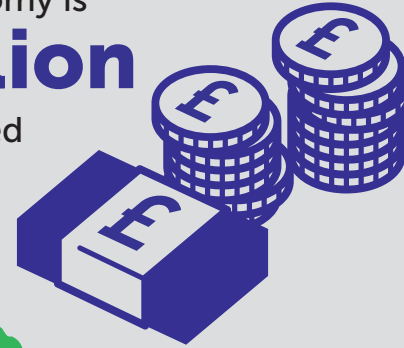

We reached over **150,000 followers** on Facebook, Twitter & YouTube

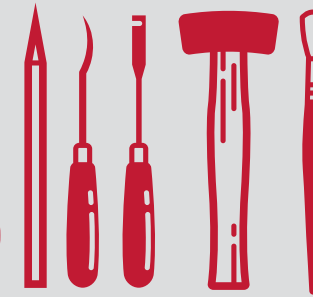

We are the largest provider of learning outside the classroom in Wales, reaching over **187,000 schoolchildren & students**

Our annual contribution to the Welsh economy is **£83 million** of gross value added

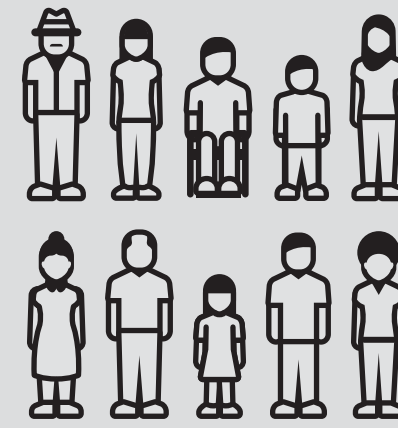

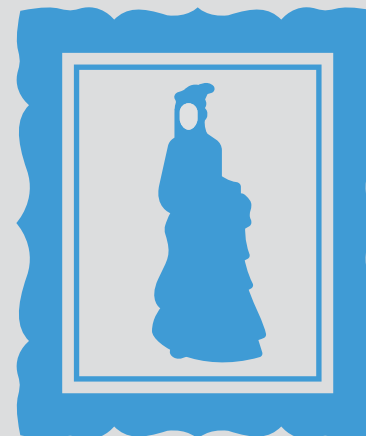

700 volunteers contributed over **29,000 hours**

We currently have **68 pioneering research projects** ranging from natural sciences & art to history & social sciences

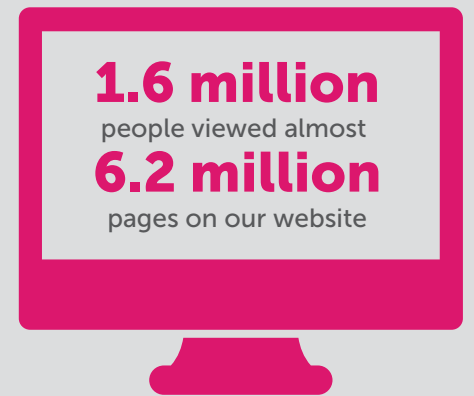

Our collections of **5 million objects & intangible heritage** include some of the finest masterpieces of Impressionist art outside Paris

We welcome **1,800,000** visitors a year to our 7 national museums with **42%** coming from outside Wales

41 Youth Forum members contributed **484 hours**

1.6 million people viewed almost **6.2 million** pages on our website

101.7% increase in visits since the introduction of **free entry** in 2001
