

Dinosaur Plants : Spotters Guide

Some plants from the Time of the Dinosaurs are still alive today!

Can you spot any of these living near you?

Lots of Ferns:

👁️ *Look in shady places*

Cycads:

👁️ *Look in sunny gardens*

Monkey Puzzle Trees:

👁️ *Look in parks and large gardens*

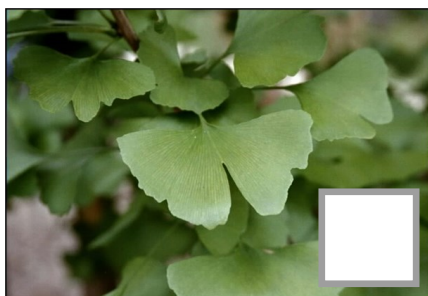

Horsetail Plants:

👁️ *Look in damp places and ditches*

Ginkyo Trees:

👁️ *Look in parks and large gardens*

Magnolia Trees:

👁️ *Look in gardens and parks*

These plants were food for dinosaurs, but can be poisonous to people today.

Please do not eat any plants you find and remember to wash your hands!
