# Make your own mini-origami booklet!

How to make:

1. Fold your paper like this then cut through the **thick** black line.

2. Fold along the dotted line like this.

3. Then do the same on the other side.

4. Open out your paper, then fold it along its length.

5. Push the two ends together like this.

6. Then fold into a booklet making sure the cover is at the front.
