

My Wildlife Decoder

Cut along the dotted lines

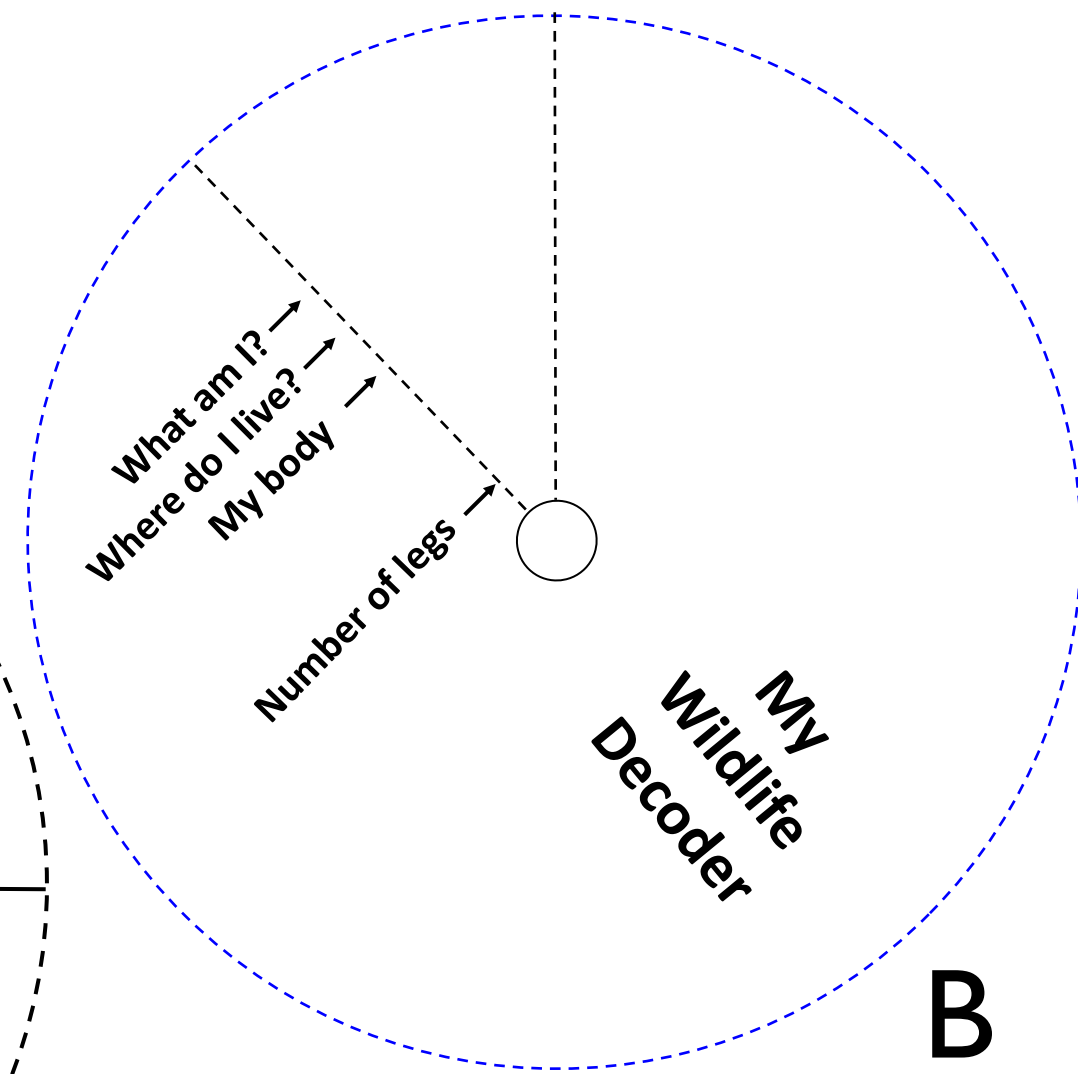

Put circle B on top of circle A

Fix it in place with a paper fastener

Find the right the picture and cut and stick it into the empty box on the outside of the circle.

A

B

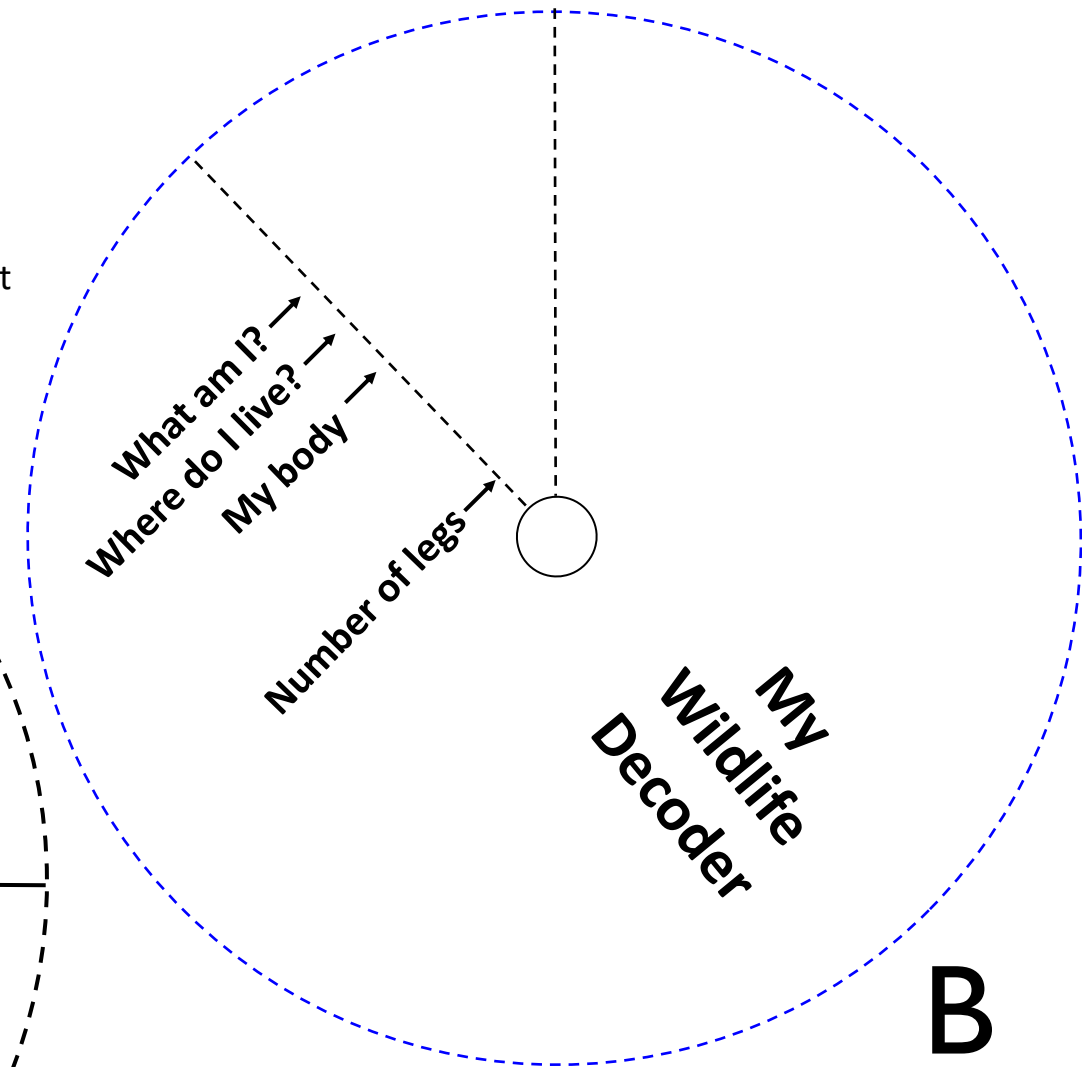

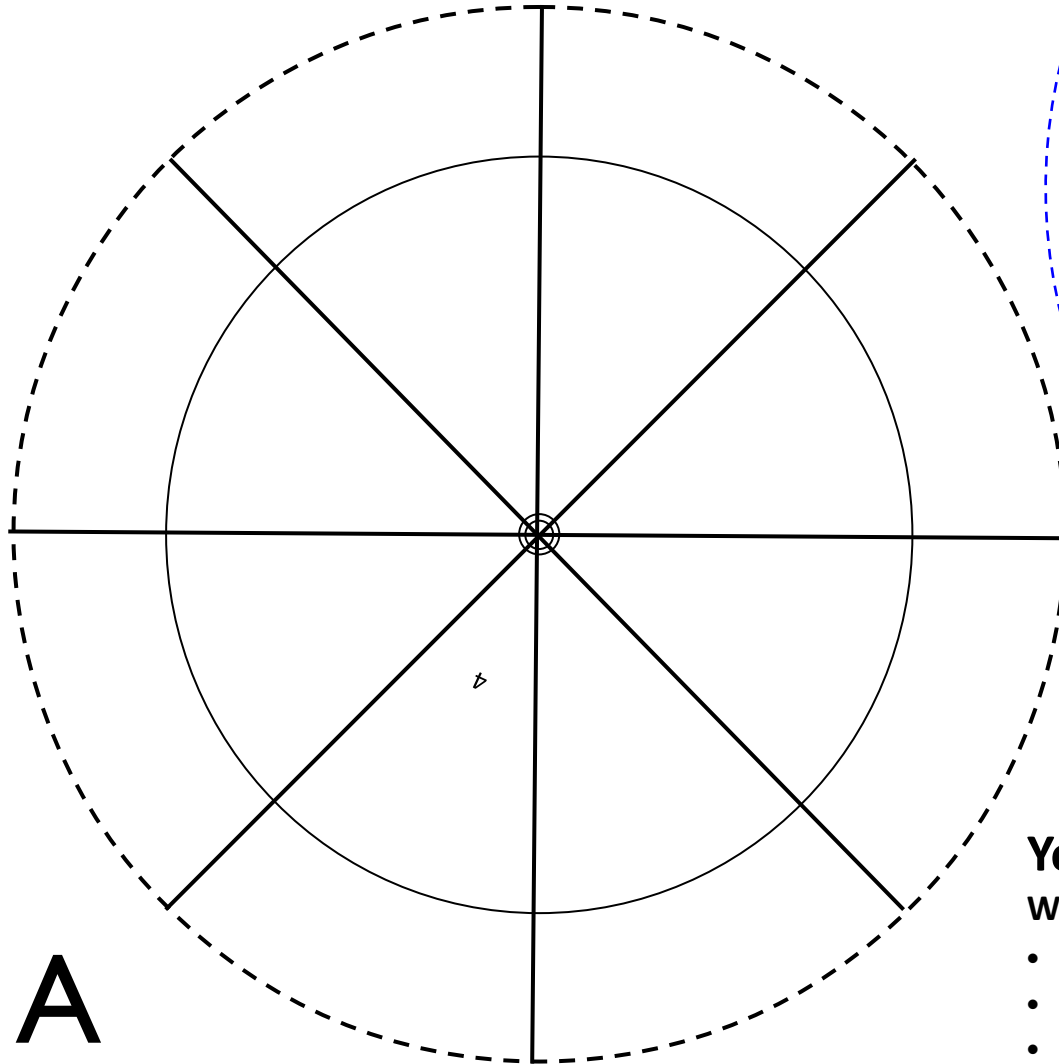

My Wildlife Decoder

Cut along the dotted lines

Put circle B on top of circle A

Fix it in place with a paper fastener

Draw a picture of the animal, bird or minibeast you have seen, stick it in the outer box and then write some facts down too.

You can make up your own Wildlife Decoder

What can you see?

- Outside your window at home
- In your garden
- When you go out for your daily exercise
