

Dinosaurs

Walk like a dinosaur

Turn a boring walk into a dinosaur walk. Stomp and roar like your favourite dinosaur!

Build a Jurassic Park

Find stones, twigs and moss to build a make believe landscape for your toy dinosaurs.

If you can't get outdoors create a world for your toy dinosaurs using materials you find around the home

Make fossil footprints

Use your toy dinosaurs to squish footprints into playdoh. Do all the footprints look the same? Can you tell a story with the footprints?

Make a dinosaur mask

On the next page you'll find a dinosaur mask to make. Cut it out and decorate it. Take care to cut out the eye holes which are the dinosaur's nostrils.

Then use a sharp pencil or hole punch to make holes for the string where we've put black dots. Cut a length of string and fit to your child's head.
