

Unknown Wales 2020

Family Photo Competition

Enter our Unknown Wales 2020 Family Photo Competition by posting nature photos to us using the hashtag #UnknownWales. Or email them to UWPhotoComp@museumwales.ac.uk. Entries must be in by 23 October 2020. The winner will be announced on Thursday 29 October 2020, the same day as the Unknown Wales evening of nature talks.

The prize includes honey from National Museum Cardiff's rooftop bees, wildflower seeds and a plant press.

Take new photos or send us photos you have taken during lockdown of which you are particularly proud. Tell us why you have chosen that photo and what the story behind it is.

- Did you spot something you had never seen before?
- Was it something you see all the time but that looked fantastic in the sun?
- Is it your favourite flower or creepy crawly?

To give you some inspiration, why not use the bingo sheets we released during 2020 from #NatureOnYourDoorstep. Some bingo items were straight forward, for example a slug. But can you find a slug in dry weather? Some were abstract and involved looking for patterns and textures in nature. 'Home' could be a snail carrying its shell, or a woodlouse hiding under a plant pot.

Entries accepted from UK residents only. We will feature your photos on our Twitter and Facebook accounts.
