

Sensory Christmas Decorations

**Have a go at using some lovely smelling
Christmassy fruits to make some decorations.**

You will need:

- 1 orange
- 2 lemons
- 2 limes
- Some cloves
- A sharp knife
- A chopping board
- A baking tray lined with grease proof paper

Sensory Christmas Decorations

Instructions

1. Use the knife to carefully slice the fruit into round slices. Make sure you ask a grown up to help you with this part.
2. Carefully arrange the sliced fruit on the tray.
3. Use the cloves to decorate some of the slices by poking the long end into the fruit.
4. Put the tray in the oven on a very low heat for 2 hours. Check and turn to finish. They should slowly dry out in the evening and leave you house smelling lovely and Christmassy.

Sensory Christmas Decorations

How to use them?

There's lots of way to use these lovely scented slices of dried citrus fruit to decorate your home

You could thread them onto string to make garlands to hang up.

You could use them to make beautiful Christmas cards with them, or to decorate a Christmas wreath.

Or you could just put them all together in a lovely bowl or little bag to make your house smell of Christmas.
