We hope you enjoy watching lambcam on the National Museum Wales - Amgueddfa Cymru website.

Here are some activities that can be done in the classroom or at home to enhance your lambcam experience.

Watch some highlights

If you are impatient for action, we have some clips of lambs being born from previous years available to view on our website - [Lambcam Website](#)

Get crafty with wool

There are lots of different ways you can get crafty with wool. Why not make your own woolly scene or create a fluffy pom-pom sheep? Download our craft activity sheets and try for yourself.

We also have crafty video tutorials that can be viewed here: [Amgueddfa Cymru YouTube Channel](#)

How does wool get from sheep to our homes? Find out more about the process here: [From Fleece to Fabric](#)

Share your creations with us on Twitter - [@Amgueddfa Learn](#)

Counting sheep...

Over the years we have collected lots of lamb stats. Can you use the figures to create a graph that shows how many lambs have been born each year? What else do these numbers tell us about the lambs born at St Fagans? Here are the number of lambs born at St Fagans over the last few years.

2015 - 155

2016 - 186

2017 - 185

2018 - 207

2019 - 266

2020 - 304

Can you make a graph to show how many lambs have been born at St Fagans each year?

Sheep stats

Every year, around Christmas time, the ewes at St Fagans are brought to the farm for a scan. This scan shows us how many of the ewes are pregnant, and how many lambs each one is expecting. What type of graph can you use to show these results clearly?

Year	No. of ewes scanned	0 lambs	1 lamb	2 lambs	3 lambs
2014	61	4	21	35	1
2015	97	1	31	59	6
2016	114	1	29	79	5
2017	111	2	23	83	3
2018	132	3	38	88	3
2019	248	23	74	145	6
