

# Activity Time!

**Here are some more colour and shape activities for you to enjoy at home**

Create some lovely colour and shapes with your own handprint / foot print art!

Or why not use your old toilet roll tubes and cut shapes in the bottoms of them to make your own printing stamps?

Add a few drops of glycerine to a bottle of water with some colourful sequins in it to make your own sensory bottle

National Roman Legion Museum, Caerleon

Llys Llywelyn, St Fagans National Museum of History
