

Fluffy Paint!

Create your own fluffy paint with this simple quick recipe

You will need:

- ½ cup plain flour
- ½ cup PVA or craft glue
- ½ cup shaving foam (not gel)
- Paint, 1 colour, approximately 1 spoonful
- A zip lock bag or an icing bag
- Mixing bowl

Instructions:

1. Add the flour, glue and shaving foam into a bowl.
 2. Mix well and add some coloured paint until you reach your desired colour.
 3. Carefully spoon the mixture into a zip lock bag
 4. Squeeze the mixture to the bottom of the bag.
 5. Cut a small circular hole at one of the bottom corners.
 6. Pipe the paint on to your paper!
- The paint will stay fluffy and will dry quite hard.

TIP: if the paint is too thick to dispense, add a small amount of water to the mix.
