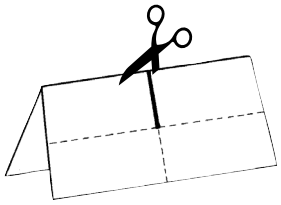
Make your own mini-origami booklet!

The Secret Undercover Life of the Bulb
by Professor Plant

Learn about the life of a bulb by making your own mini-origami booklet.

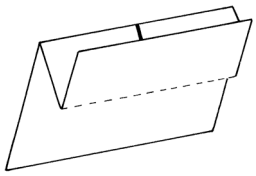
How to make:

1. Fold your paper like this
then cut through the **thick** black line.



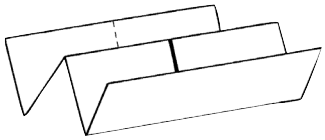
1.

2. Fold along the dotted line like this.



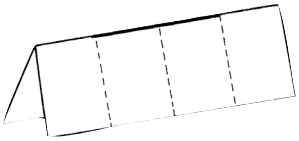
2.

3. Then do the same on the other side.



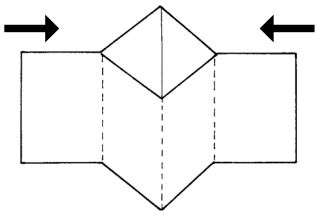
3.

4. Open out your paper, then fold it
along its length.



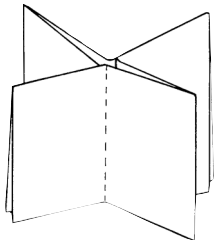
4.

5. Push the two ends together like this.



5.

6. Then fold into a booklet making sure
the cover is at the front.



6.
