We ensure that all registration forms are treated equally and will be submitted for consideration. Unfortunately, due to the high demand for volunteering opportunities, we cannot guarantee you a place.

Here at Amgueddfa Cymru we take your privacy seriously. We will only use your personal information to register you as a volunteer so that we are able to contact you regarding your registration and, if successful, about volunteering with us.

If you are unsuccessful, your data will be stored until the end of the financial year (1 April). This allows us time to process your data during the recruitment process, contact you for interviews/taster days and notify you if you are unsuccessful. We use the data gained from registration forms to tailor our recruitment methods and highlight any work needed to diversify our volunteer base. This data is reported anonymously.

Any data relating to volunteer recruitment will be deleted after the 1 April every year. The exception is for those who have been recruited in one financial year, but the recruitment process hasn't ended by the 1 April. For example, we've recruited a role in March, but interviews will not be held until mid-April. This data will be deleted the following end of the financial year.

Our full Privacy Policy is on our [website](#) or alternatively you can ring (029) 2057 3002 to receive a printed copy.

Amgueddfa Cymru is required to collect equality monitoring information as part of our public task. Please assist us to do this by completing the Equal Opportunity Form on the next page.
